

Remote control functions

1 Remote control signal transmitter

Transmits infrared signals.

2 TRANSMIT indicator

Lights up when remote control signals are transmitted.

3 SOURCE key

Turns on/off an external device (p.3).

SLEEP key

Switches the unit to standby mode automatically after a specified period of time has elapsed (sleep timer). Press repeatedly to set the time (120 min, 90 min, 60 min, 30 min, off).

RECEIVER key

Turns on/off (standby) the unit.

4 Input selection keys

Select an input source for playback.

- HDMI 1-4** HDMI 1-4 jacks
- AV 1-5** AV 1-5 jacks
- AUDIO 1-2** AUDIO 1-2 jacks
- USB** USB jack (on the front panel)
- V-AUX** VIDEO AUX jacks (on the front panel)
- ★/★★** Change the external device to be controlled without switching the input source.

5 MODE key

Switches between "Stereo" and "Mono" for FM radio reception.

Switches the iPod operation modes.

6 Radio keys

Operate the FM/AM radio.

- FM** Switches to FM radio.
- AM** Switches to AM radio.
- MEMORY** Registers FM/AM radio stations as presets.
- PRESET** Select a preset station.
- TUNING** Select the radio frequency.

7 INFO key

Selects the information displayed on the front display.

8 Sound mode keys

Select a sound mode.

9 SCENE keys

Select the registered input source and sound program with one touch. Also, turns on the unit when it is in standby mode.

10 SETUP key

Displays the setup menu.

11 Menu operation keys

- Cursor keys** Select a menu or a parameter.
- ENTER** Confirms a selected item.
- RETURN** Returns to the previous screen.

12 External device operation keys

Let you play back and select menus and perform other operations for external devices (p.3).

13 Numeric keys

Let you enter numerical values (p.3).

14 TV operation keys

Let you select TV input and volume and perform other TV operations (p.2).

15 CODE SET button

Registers remote control codes of external devices on the remote control (p.2).

16 OPTION key

Displays the option menu.

17 VOLUME keys

Adjust the volume.

18 DISPLAY key

Switches between the browser and playback screens during playback of the iPod or USB storage device. Switches the display information for the external device (p.3).

19 MUTE key

Mutes the audio output.

- To operate external devices with the remote control, register a remote control code for each device before using (p.2).

Controlling external devices with the remote control

You can use the unit's remote control to operate external devices (such as BD/DVD players) if you have registered the remote control code of the external device.

- You cannot control an external device that does not have a remote control sensor.
- Ensure that the remote control ID of the external device is set to "ID1". If any other ID is selected, the remote control operations may not work properly.
- If the unit's remote control is without batteries for more than 2 minutes, the registered codes may be cleared. If this happens, insert new batteries and register the codes again.

- Under the unit's default settings, the amplifier code (Yamaha: 5098) is set for all the input selection keys. With this setting, you can control HDMI Control-compatible devices connected to the unit with the remote control. (This function may not work depending on the specification of the external device.)

Registering the remote control code for a TV

You can use the unit's remote control to operate a TV if you have registered its remote control code.

- You can also register your TV's remote control code to the unit's input selection keys (p.3). This would allow you to use the cursor keys or numeric keys to operate the TV (this function may not be available on some TV models).

1 See "List of remote control codes" (p.6) to find your TV's remote control code.

- If there are multiple remote control codes, register the first code in the list. If that does not work, try the other codes.

2 Press CODE SET using a pointed object such as the tip of a ballpoint pen.

The TRANSMIT indicator blinks twice.

Perform each of the following steps within 1 minute. Otherwise, the setting will be canceled. If this happens, repeat from Step 2.

3 Press TV

4 Use the numeric keys to enter the 4-digit remote control code.

Once the remote control code is successfully registered, the TRANSMIT indicator blinks twice.

If it blinks six times, registration has failed. Repeat from Step 2.

TV operations

Once you have registered the remote control code for your TV, you can control it using the TV operation keys, regardless of the input source selected on the unit.

| | | |
|-------------------|--------|--------------------------------------|
| | INPUT | Switches the video inputs of the TV. |
| | MUTE | Mutes the audio output of the TV. |
| TV operation keys | TV VOL | Adjust the volume of the TV. |
| | TV CH | Switch the channels of the TV |
| | TV | Turns on/off the TV. |

Registering the remote control codes for playback devices

You can use the unit's remote control to operate playback devices if you have registered their remote control codes. You can also use the input selection keys to change the playback devices that are controlled by the remote control, because their remote control codes are assigned to the input selection keys.

- If you assign the remote control code for an external device to the star (★ or ★★) key, you can operate the device with the remote control without switching the input source after pressing the star key.

1 See “List of remote control codes” (p.6) to find the remote control code for your playback device.

- If there are multiple remote control codes, register the first code in the list. If that does not work, try the other codes.

2 Press CODE SET using a pointed object such as the tip of a ballpoint pen.

The TRANSMIT indicator blinks twice.

Perform each of the following steps within 1 minute. Otherwise, the setting will be canceled. If this happens, repeat from Step 2.

3 Press the input selection key.

For example, press HDMI 1 to set the remote control code for the playback device connected to the HDMI 1 jack.

4 Use the numeric keys to enter the 4-digit remote control code.

Once the remote control code is registered successfully, the TRANSMIT indicator blinks twice.

If it blinks six times, registration has failed. Repeat from Step 2.

- For details on how to register a remote control code to a SCENE key, see “Changing the external device assigned to the SCENE keys” (p.4)

Playback device operations

Once you have registered the remote control code for your playback device, you can control it using the following keys after selecting the input source or scene.

| | | |
|--------------------------------|--------------------------------------|----------------------------------------------|
| SOURCE | Turns on/off the playback device. | |
| Menu operation keys | Cursor keys | Select an item. |
| | ENTER | Confirms a selected item. |
| | RETURN | Returns to the previous screen. |
| DISPLAY | Switches information on the display. | |
| External device operation keys | TOP MENU | Displays the top menu. |
| | POP-UP MENU | Displays the pop-up menu. |
| | HOME/REC | Displays the home menu. Starts recording. |
| | ■ | Stops playback. |
| | ■ | Stops playback temporarily. |
| | ▶ | Starts playback of the selected song/video. |
| | ◀▶ | Searches forward/backward (by holding down). |
| | ▶▶ | Skips forward/backward. |
| | ▶▶ | Skips forward/backward. |
| | Numeric keys | Enter numerical values. |
| TV operation keys | Control the TV (p.2). | |

- These keys work only if the corresponding function is available on your playback device and if the device can be operated with an infrared remote control.

Changing the external device assigned to the SCENE keys

If you want to control your playback device after selecting a scene, follow the procedure below.

- 1 If you have not registered the remote control code for the device yet, follow “Registering the remote control codes for playback device” (p.3).**
- 2 Hold down the corresponding SCENE key and input selection key together for more than 3 seconds.**

Once the setting is successfully completed, the TRANSMIT indicator blinks twice.

If it blinks six times, the setting has failed. Repeat step 2.

Resetting remote control codes

You can reset a remote control code registered to each input selection key.

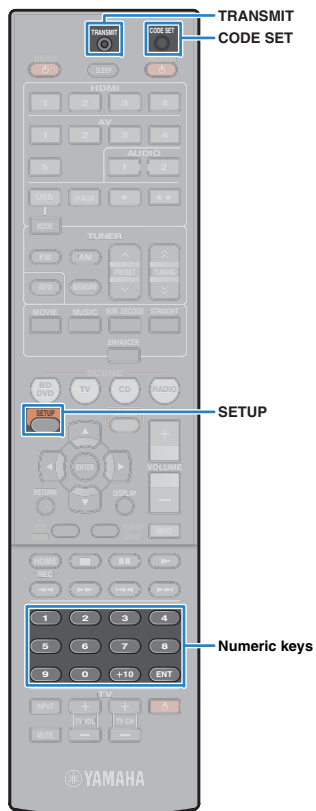

- 1 Press CODE SET using a pointed object such as the tip of a ballpoint pen.**
The TRANSMIT indicator blinks twice.
Perform each of the following steps within 1 minute. Otherwise, the setting will be canceled. If this happens, repeat from Step 1.
- 2 Press the input selection key.**
- 3 Use the numeric keys to enter “5098”.**

Once the remote control code is reset successfully, the TRANSMIT indicator blinks twice.

If it blinks six times, resetting has failed. Repeat from Step 1.

To reset the remote control to factory default settings

- ① Press CODE SET using a pointed object such as the tip of a ballpoint pen.
- ② Press SETUP.
- ③ Use the numeric keys to enter “9981”.

Changing the remote control ID of the remote control

Change the remote control's ID so that it matches the unit's remote control ID.

- Perform each of the following steps within 1 minute. Otherwise, the setting will be automatically canceled.

- 1 Press CODE SET on the remote control using a pointed object, such as the tip of a ballpoint pen.**
- 2 Press SETUP.**
- 3 Use the numeric keys to enter “5019” (ID1) or “5020” (ID2).**

Once the remote control ID is registered successfully, the TRANSMIT indicator blinks twice.

If it blinks six times, registration failed. Repeat from Step 1.

- The registered remote control codes are not cleared even if you change the remote control ID.
- You can change the unit's remote control ID in the “ADVANCED SETUP” menu. For details, refer to “Owner’s Manual”.

List of remote control codes
