

High performance speakers with large-size cabinets for rich sound quality and an impressively elegant presence. This seven-channel system ensures optimum sound imaging with all music and movie sources.

### High Sound Quality

- 16cm cone woofer and 3cm soft dome tweeter for powerful bass and clear sound output (NS-F140)
- Dynamic reproduction of HD sources.
- Large-size, gold-plated screw terminals
- Accepts optional support spikes

### Elegant, Convenient Design

- High-class design with elegant speaker grilles inspired by Yamaha top-line models
- Wall mountable (NS-C150, NS-B150)

Weight	9.5 kg; 20.9 lbs./unit	1.2 kg; 2.6 lbs./unit	2.1 kg; 4.6 lbs./unit

### High Sound Quality

#### 2-Way, 2-Speaker System

The large NS-F140 cabinet houses a 2-way, 2-speaker design consisting of a 16cm cone woofer and a 3cm soft dome tweeter. Made with high quality materials, these speakers deliver rich sound with none of the harshness that causes listener fatigue.

#### Excellent Reproduction of HD Sources

NS-140 Series speakers are designed to provide outstanding reproduction of HD movie and music sources. Using both the NS-F140 and NS-PA150 ensures that you will enjoy accurate, well-balanced sound, for an affordable yet high quality home theatre system.

#### Large, Gold-Plated Terminals

The extra-large, screw-type terminals are gold-plated to ensure maximum signal transmission efficiency. They are capable of handling HD audio signals with no loss of sound quality.

#### Support Spikes

Optionally available support spikes screw into the base of the speaker, providing additional vibration damping to ensure optimum sound quality.

### Elegant, Convenient Design

#### Luxurious Presence

In the tradition of fine quality Yamaha speakers, the floorstanding NS-F140 has a graceful and elegant appearance. If desired, the speaker grilles can be removed.

#### Wall Mountable (NS-C150, NS-B150)

The centre and surround speakers have keyholes on the back so they can be quickly and securely wall mounted.

NS-F140 (Single)
