CD/DVD PLAYER SECTION

1080p-Compatible HDMI Output

The HDMI output transmits the video signal to an HDMI-compatible TV/monitor with no loss of digital quality. 1080p compatibility means that your home theatre system can reproduce DVD movies and digital TV sources with HD quality.

USB Port on Front Panel

A USB port is provided on the front panel for connecting USB memory devices and portable audio players. Compatible with MP3, WMA and WAV (PCM only) formats, it also enables the on-screen display of USB file list, artist name, album and song.

Front Panel Mini Jack

A mini jack on the front panel makes it convenient to connect portable audio players.

DivX® Ultra Certified

The MCR-730 can play all versions of DivX video® (including DivX 6®), and provide enhanced playback of advanced media features like interactive menus, subtitles, and alternate audio tracks supported by the DivX® Media Format.

MP3, WMA, WMV, DivX® and JPEG Playback

You can play discs recorded in the MP3 (audio), WMA (audio), WMV (video), DivX® (video) and JPEG (images) formats.

RECEIVER SECTION

High Sound Quality Reproduction

The MCR-730 offers PianoCraft's long legacy natural high-fidelity. It is crafted of the quality audio-grade parts and devices. The high-precision DAC and stable power supply contribute to high quality sound, while the tuner provides stable noise-free reception.

Subwoofer Out

The Subwoofer Out terminal outputs bass frequencies for connecting a subwoofer. Adding a subwoofer to the system pays big dividends.

30FM and 20 AM-Station Preset Tuning

In addition to utilising a Direct PLL IF Count Synthesiser Tuning system, the MCR-730 also makes station selection easy. Users can preset as many as 30 FM and 20 AM stations for instant

one-touch tuning, and with each one the tuning mode (auto or mono) is also memorised.

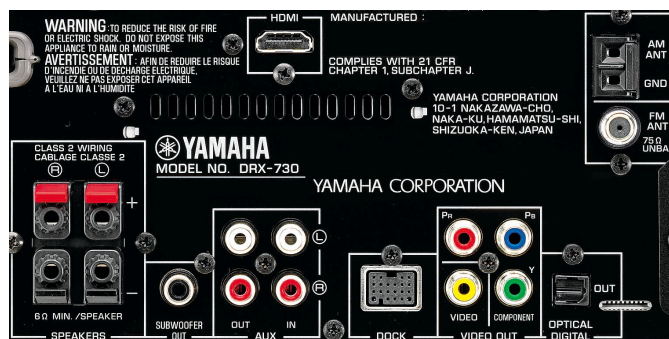

SPEAKER SECTION

2-Way Bass-Reflex Speaker System

Yamaha is known for its high quality compact speakers, and this system lives up to that reputation. The MCR-730 system has an 11cm cone woofer and 2.5cm dome tweeters, and can handle 110W of power.

Elegant Yamaha Piano Black Finish

As one of the world's leading piano manufacturers, Yamaha has a long history of wood-working expertise. The MCR-730 side panels and speakers feature the same luxurious and environmentally friendly finish as our fine grand pianos.

YDS-10/YDS-11 Universal Dock for iPod
 The optional YDS-10/YDS-11 Universal Dock lets you connect your iPod to the system.

iPod not included

Yamaha Bluetooth® Wireless Audio Receiver
 The optional YBA-10 Bluetooth Wireless Audio Receiver docks to the system and supports A2DP audio streaming, so users can enjoy music wirelessly from Bluetooth-enabled mobile phones, Windows PCs and Macs.
